

Major Quarter Level Autodraw Setup - Use with Daily/4hr Time Frames

Use the Fib Retracement tool, click on the chart, right click on the circle and select Format. On the Style tab, select the Levels line weight, fill out the checked boxes, and assign the colors according to the chart. Select Extend Lines, select Prices, and place Labels at right and top. Uncheck the Background box. Next, select the Coordinates tab and fill in the boxes as shown. When finished, click OK.
